### Monthly Performance Report

#### December 2025

---

- **Ridership**

In-house average weekday ridership for December was 2,956, up by 1.86% from last year. Supplemental providers average weekday ridership was 399, up by 30.82%. Combined in-house and supplemental providers average weekday ridership was 3,355, up by 4.60%.

Fiscal year-to-date in-house and supplemental provider total ridership is up by 25,358 boardings, up 4.84% as compared to the same time period in fiscal year 2025.

- **On-Time Performance**

Handi-Van on-time performance measured from 10 minutes prior to scheduled pickup time to 30 minutes after scheduled pickup time was 84.58% for December. The Handi-Van on-time performance (all early to scheduled pickup time to 30 minutes after scheduled pickup time) was 85.60%. On-time performance for trips with a desired arrival time was 56.23% (drop-offs completed within a 45-minute window before the clients' desired arrival time) and 88.00% for all drop-offs completed before the clients' desired arrival time.

- **Comparative Trip Length Analysis**

An analysis was done to compare Handi-Van trip times with comparable bus trip times. A comparable fixed-route trip time is the scheduled on-vehicle bus time as calculated by Google Transit for the same origin and destination plus 30 minutes to account for walking, waiting, and transferring required on the fixed-route system. During the month of December, Handi-Van operated 73,319 trips including 6,695 trips that were longer than one hour in trip time. The analysis found that 76.12% of the Handi-Van trips longer than an hour were completed in the same time or less than a comparable fixed-route trip.

- **Excessive Trip Times**

An analysis of excessive trip times was performed on all monthly Handi-Van trips with travel times in excess of one hour. The analysis found that 587 or 8.77% of these trips were more than 15 minutes longer than comparable fixed-route trips. 1,012 or 15.12% of trips were slower than their comparable fixed-route trip by less than 15 minutes.

- **Maintenance**

Average vehicle availability was 77.48% for December, up by 7.14% from last year.

- **Call Center Performance**

Over the month of December, reservationists answered 40,673 calls. Of those calls, 60.97% were answered within 3 minutes, and 73.31% were answered in 5 minutes.
